

The St-Lambert Community Learning Center (CLC) is based at St-Lambert Elementary School and serves the families in our school community as well as developing greater strength in the English-speaking community's organization on the South Shore.

The St. Lambert Community Learning Center's mission is to increase student success and strengthen the English-speaking community.

Come and Join Us...

Have an activity or program you would like to initiate?

The St-Lambert Community Learning Centre is the place for it! We are currently seeking new activities for all ages.

To contact the CLC: please email clcstlambert@rsb.qc.ca,

Call our office directly at **450-550-8002** or Visit our website at www.rsb.qc.ca, following the quick links to **Community Learning Centers**.

Donations to the **CLC** may be made through the **South Shore Educational Foundation**. Our address is:
81 Green St., St. Lambert, QC J4P 1S4.

Participate and learn!

Our Vision:

We have a vision that includes increasing connections amongst organizations, working collaboratively to support the English-speaking community.

We are working to create a network of support for students and their families, and facilitating interaction amongst age groups and generations.

The CLC is a catalyst for community groups to meet and work together, ensuring that the community is aware of their services and able to take advantage of them.

In cases where services are lacking, we will work with our partners to develop them.

Our ultimate goals include increasing student success, improving access to programs and services in English, and increasing community vitality.

Working for Families in St. Lambert:

Through our work with local, regional, and provincial organizations, we are advocating for families with children of all ages. Our approach is holistic and has long-term and short-term goals to support families.

For pre-school families, we want to improve information on programs and services, and are advocating for English services through our involvement with the CSSS' Table Concertation. Our programs focus on developing early literacy skills, reducing isolation, and preparing children for kindergarten.

We aim to support the school and families in making the transition to kindergarten as easy and successful as possible through opportunities to visit the school and participate in activities.

Student success is supported through our extra-curricular activities, homework programs, and enrichment experiences and workshops for parents offered through our video conference network.

We are actively involved in promoting a healthy lifestyle with activities, workshops and information.
