Definition of Bullying and Violence

Bullying

The word “bullying” means any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes.

Violence

The word “violence” means any intentional demonstration of verbal, written, physical, psychological or sexual force which causes distress and injures, hurts or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property.

Analysis

An analysis of the situation prevailing at the school with respect to bullying and violence is conducted each year by using the following indicators:

- Review and analysis of GPI / ISM (digital reporting platform) entries related to bullying and / or violence;
- Results from the latest *Our School Survey* (formerly *Tell Them From Me*).

School Portrait

Student population: 529 students

Other pertinent information:

St. Lawrence School’s mission is to promote a lifetime love of learning in our children. By offering two academic programs, we provide a healthy, safe, caring and stimulating environment in both English and French languages. We are committed to developing in our students a sense of respect, duty and responsibility towards self, peers, the community and the environment.

Our global vision encompasses both academic and social aspects. Our goals for our students are to become proficient readers, writers and problem-solvers in both languages and who demonstrate a positive attitude towards reading, writing and learning in general. Furthermore, we want our students to become good citizens by being respectful, showing empathy towards others, helping others and the school, as well as by giving back to our community.

St-Lawrence School serves the communities of Candiac, La Prairie, Sainte-Catherine, St-Mathieu and St-Philippe. Part of Delson, situated on the North side of the route 132, as well as 2 sectors from Saint-Constant (French Immersion Program only) complete our territory. We have two buildings side by side: Kindergarten and Cycle 1 (grades 1 & 2) in the St-Raymond pavilion. Cycle 2 (grades 3 &4) and Cycle 3 (grades 5 & 6) are located in the Champlain pavilion. Each pavilion is equipped with a gymnasium, a library, a portable computer lab and a music room to help stimulate learning. St-Lawrence School has a dedicated school team offering two rich education programs: French Immersion and English.

Feel safe at school as well as to and from school

The context of the last year shows us a decrease in the perception of the feeling of security of 10% among our 5th and 6th grade students for the 2020-2021 school year. While the Canadian average for perceived safety is 64%, that of our students is 49%.

Bullying and Exclusion

73% of our Cycle 3 students say they have not been the victim of bullying or exclusion, which meets the Canadian standard. Boys say they are more victims of bullying and exclusion, an 11% gap with girls.

Exclusion is an observable phenomenon in some of our students and it is frequently caused by a lack of skills and understanding of social situations.

Students with a positive sense of belonging

In 2020-2021, 68% of Cycle 3 students felt a positive sense of belonging compared to 83% the previous year, the Canadian standard being 77%. We assume that this discrepancy was caused by the isolation effect generated by the class bubbles and the drastic reduction in activities within the school.

Students with positive relationships

In 2020-2021, 83% of third cycle students perceived relationships with their peers to be positive, the Canadian average being 84%. Again, we see an 8% decrease from the previous year. We assume that this discrepancy was also, at least in part, caused by the isolation effect generated by the class bubbles.

Students who perceived moderate to severe anxiety

In 2020-2021, 26% of cycle 3 students experienced a moderate or high level of anxiety during the school year compared to 18% in 2018-2019. Having now exceeded the Canadian average of 4%, we are making this issue a priority for our future interventions.

Other pertinent data

The Our School Survey survey is intended for students from grades 4 to 6. During the 2021-2022 school year, we will include the grade 4 students in order to have the widest possible range of perceptions.

Greater support for students when taking the questionnaire would be required to ensure understanding and interpretation of the questions.

Priorities

The school team has identified as a priority to work with all stakeholders to reduce the level of student anxiety as well as to increase the feeling of belonging to the school and to the community among all our students. In order to achieve this, emphasis is placed on the development of positive interpersonal relationships with both peers and staff as well as on the organization of student services, whether specific to students with special needs or to the general student population. These measures will also

have a direct impact on the other elements named above such as feelings of safety as well as bullying and exclusion.

To address the area(s) of concern, the following preventative measures aimed at putting an end to all forms of bullying and violence; in particular those motivated by racism or homophobia or targeting sexual orientation, sexual identity, a handicap or a physical characteristic include:

1. Classroom activities to develop a sense of belonging and attachment with adults as well as self-regulation
2. Sports and social clubs at recess and lunch, including the CLC
3. Assemblies which include all students to celebrate successes, revise the code of conduct to ensure a common vision and understanding
4. Workshops for students offered by outside organizations (ex: transition to high school, sexuality health education, self-esteem, cultural workshops)
5. Initiatives and activities based on the values conveyed in the school (common values based on the Six Pillars of Character)
6. Involvement of parents and student in action plans and individualized education plans
7. Clear and common rules and requirements across the school in addition to increased staff presence.
8. Targeted interventions according to the response to intervention model (RTI)
9. Common professional development for all staff on understanding and managing behavior.
10. Addition of specialized education technician services through decentralized measures.

The success of this plan depends on the understanding and support of all of our stakeholders. School administrators and staff play a key role in developing programs and strategies to improve daily school life. Students also have a responsibility to promote and support positive behaviours. Parents are equally important and necessary partners in this initiative. Parents are encouraged to be active advocates for their children and to be aware of changes in their behaviours and to contact the school when behaviours at home become a concern.

The following measures are aimed at encouraging parents to collaborate in preventing and stopping bullying and violence and in creating a healthy and secure environment.

1. The School's Code of Conduct will be communicated with the parents (agenda, curriculum night, bulletins/memos, and/or on school website).
2. The ABAV Plan will be explained and made available to parents/guardians; it will be posted on the school website, under the tab ABAV.
3. Ongoing communication between principal and / or their designate and parents of children who are being bullied and those who are engaging in bullying behaviours until the resolution of the situation. Periodic communication with students who are bullied and their parent(s) to ensure that measures taken have been successful and the bullying has ceased.

Information and training sessions for parents (4-year program, transition to high school, anxiety management, etc.) -Open and welcoming school which promotes the presence of parents as volunteers

Element 4

PROCEDURES FOR REPORTING

The school will take the necessary measures to ensure confidentiality for all parties.

An incident of bullying and/or violence can be reported verbally (in person or by phone) or in writing (by email or by letter addressed to school administration). Students who wish to write a note to report an incident are encouraged to include their name for follow up.

Staff members who receive a report must document the information and submit the information to administration for follow up.

When parents have been told about a bullying situation or an act of violence, they are expected to communicate with the school principal, an alternate administrator or the classroom teacher. The report will be documented. Following the investigation, the parent should be contacted and advised that the situation has been investigated and appropriate action has been taken. Details are divulged so as to maintain confidentiality.

Element 5

INTERVENTION PROTOCOL

Our school is committed to providing a safe, caring and positive climate. Adult indifference is not-tolerated. School personnel must report and/or investigate all incidents of bullying and take appropriate action whether they personally observe incidents or learn of them by some other means. Reporting, investigation and action must occur even if the victim does not file a formal complaint or does not express overt disapproval of the incident.

This *Intervention Protocol* establishes practices and procedures for observed and reported incidents of bullying and/or violence.

For purposes of this Protocol, “*Conduct*” may include:

- Physical acts, such as inappropriate, unwanted, uninvited, or injurious physical contact with another; stalking; sexual assault; and destruction or damage to property of another;
- Written and electronic communication of any type that incorporates language or depictions that would constitute bullying, using any medium (including, but not limited to, cell phones, computers, websites, electronic networks, instant message, text messages and emails);
- Verbal threats made to another, including blackmail, extortion or demands for protection money;
- Direct or indirect, relationally aggressive behaviour such as social isolation, rumor spreading, or damaging someone’s reputation;
- Any of the above conduct which occurs off school grounds when such creates, or can reasonably be expected to create, a substantial disruption in the social setting and/or at school-sponsored activities and events.

In addition to the conduct described above, examples of conduct that may constitute bullying or violence include the following:

- Blocking access to school property of facilities;
- Stealing or hiding or otherwise defacing books, backpacks or other personal possessions;
- Repeated or pervasive taunting, name-calling, belittling, mocking putdowns, or demeaning humour relating to a student’s race, colour, gender, sexual orientation, ancestry, religion, disability, or other personal characteristics, whether or not the student actually possesses them, that could reasonably be expected to result in the disruption of school activities or that results in a hostile educational environment for the student.

Conduct that would **not** ordinarily be considered bullying or violence includes:

- Teasing
- “Talking trash”
- Trading of insults
- The expression of ideas or beliefs that are protected by the *Canadian Charter of Rights and Freedoms*, so long as such expression is not lewd, profane, or intended to intimidate or harass another.

STAFF RESPONSE PROTOCOL

Any staff members who witness an act of bullying or violence must intervene immediately or as quickly as reasonably possible to address the issue.

1. The immediate safety and security of all parties must be ensured.
2. All incidents of bullying / violence must be reported to the principal, in a timely fashion.
3. A bullying/violence incident must be documented.
4. The school principal or their designate must investigate all reports in a timely fashion, preferably within 24 hours (when possible) of receiving initial report.
5. The staff person responsible for investigating the report about the behaviour should:
 - a) Interview student(s) exhibiting bullying behaviour and the target / victim(s) separately to avoid further victimization of the target.
 - b) Engage the target / victim first and focus on his/her safety.
 - c) Reassure him / her that the bullying behaviour will not be tolerated and that all possible steps will be taken to prevent a reoccurrence.
 - d) Offer the victim counselling (if needed).
 - e) Inform parents of the incident and subsequent intervention. (Details of the intervention or disciplinary actions are not to be shared in order to protect confidentiality).

STUDENT RESPONSE PROTOCOL

Any student who witnesses an act of bullying or violence has an obligation, as a responsible member of the school community, to intervene if the situation does not threaten their well-being, or to report the incident to school authorities.

The following are the means through which a student may do so:

- Inform a staff member on duty.
- Inform administration.
- Mention it to a teacher or staff member they trust.
- Tell parent/guardian.

PARENT / GUARDIAN RESPONSE PROTOCOL

- Report the incident to a school administrator or classroom teacher.

***At the discretion of the principal or his/her delegate, police intervention may be requested.**

Element 6

MEASURES TO ENSURE AND PROTECT CONFIDENTIALITY

Measures to protect the confidentiality of any report or complaint concerning an act of bullying or violence shall include:

1. Staff is reminded that every incident and the ensuing follow-up must be kept confidential. This is done at least once each year.
2. Reports of bullying and / or violence are recorded on a digital database that has restricted access.
3. Use of intervention strategies that protect the anonymity of persons who report or provide information.

It is the responsibility of every adult staff member to use difficult / challenging situations as opportunities to help students improve their social and emotional skills, accept personal responsibility for their learning environment, and understand consequences for poor choices and behaviours.

A clear distinction exists between *remediation* and *consequences*.

- a) **Remediation**, intended to counter or “remedy” a behavioural mistake, can be an effective prevention practice. Remediation measures are intended to correct the problem behaviour, prevent a reoccurrence, protect and provide support for the victim and take corrective action for documented systemic problems related to bullying and violence. Remediation measures allow the student an opportunity to reflect on behaviours, learn pro-social skills and make amends to those affected. Working with recovery plans and restorative justice practices are categorized as remediation.
- b) **Consequences** communicate to a perpetrator that their behavior is their choice and their responsibility. A consequence respects the child’s right to make a decision, even if it’s not a good one. It’s a matter-of-fact learning experience in which you maintain a better relationship with the child as you hold them accountable. Consequences are almost always enacted in conjunction with remediation measures and restorative practices. Measures should be applied on a case-by-case basis and take into consideration a number of factors including:

Student Considerations:

- Age and developmental maturity of the students involved;
- Nature, frequency and severity of the behaviours;
- Relationships of the parties involved;
- Context in which the alleged incidents occurred;
- Patterns of past or continuing behaviours;
- Other circumstances that may play a role.

School Considerations:

- School culture, climate and general staff management of the learning environment;
- Social, emotional and behavioural supports;
- Student-staff relationships and staff behaviour toward the student;
- Family, community and neighborhood situation;
- Alignment with policies and procedures.

Examples of remedial measures and consequences may include, but are not limited to, the examples listed below:

Remediation Measures for Victims

- Meet with counsellor / mentor / special education technician / administrator / staff member to:
 - Create a safe environment to allow victim to explore feelings about incident. Maintain open lines of communication.
 - Develop a plan to ensure student's emotional and physical safety at school.
 - Ensure student does not feel responsible for the behaviour.
 - Ask student to log and report any and all future related incidents.
 - Offer counseling to help develop skills for overcoming the negative impact on self-esteem.
- A staff member will conduct scheduled follow-up meetings with the student to ensure the bullying or violence has stopped and to provide support to the student. The degree of support offered at these meetings and their frequency shall depend upon the feedback from the victim regarding the current circumstances.
- In all cases, it will be determined which members of the school staff must be made aware of the incident to ensure that the student is safe.
- Parents will be informed immediately following the incident and regularly updated until the situation is resolved.

Remediation Measures for Witnesses

- Following the incident, an intervention may be held with any witnesses to determine their role in the incident. If the incident witnessed is severe, witnesses are met, in a group or individually, to debrief the event, discuss their role and to determine more appropriate actions in the future.
 - The school reserves the right to contact the parents of bystanders.
 - As with victims, witnesses to acts of bullying or violence should have a reasonable expectation of feedback from intervening adult figures in a timely manner so as to guarantee a sense of safety and security in the school.
- Other:
-

Remediation Measures for Student Exhibiting Bullying Behaviour

- Develop an intervention plan with the student. Ensure the student has a voice in the outcome and can identify ways he / she can solve the problem and change behaviours.
 - Meet with parent(s)/guardian(s) to develop a recovery plan agreement to ensure all understand school rules and expectations, as well as the long term negative consequences of bullying or violence, on all involved, and to clearly outline the consequences if the behaviour continues.
 - Meet with special education technician, school counsellor, social worker or psychologist to:
 - Explore mental health issues or emotional disturbances – what is happening and why?
 - Offer additional social skills training such as impulse control, anger management, developing empathy and problem solving.
 - Arrange for apology – written is recommended.
 - Arrange for restitution – particularly if any personal items were damaged or stolen.
 - Determine restorative practices (age appropriate).
 - Other: Ensure that the services necessary to ensure the rehabilitation of the student and the safety of others are in place.
-

Remediation Measures for Student Bystanders

- Review Student Response Protocol.
 - Explore reasons why they did not intervene or report the incident.
 - Offer of coaching on how to safely intervene or help the situation.
-

Element 8

- Verification of the completion of all remedial measures for all parties concerned.
- Referral of parents to complaints procedure, should the parents express dissatisfaction with the course of action from the school administration.

End of Year Evaluation

To ensure the integrity of its Plan, the administration of our school will conduct a yearly evaluation that reviews:

- The *Our School Survey* results.
 - Revision and analysis of GPI / ISM (digital reporting platform) entries related to bullying and / or violence to assess decrease or increase in incidents of bullying and/or violence.
 - The initiatives put in place for the year and assessment of effectiveness of the actions.
-
