DEFINITIONS

The following terms are used in this By-law:

- **School Board:** Riverside School Board
- **Complainant:** Student, parent, or citizen who files a complaint
- **Complaints Officer:** The person that is designated as such to be in charge of processing complaints

PRINCIPLES USED IN RESOLVING A COMPLAINT

The school board recognizes someone's right to disagree with a decision, an action, or an omission on the part of its representatives, as well as the right to state this and to ask that the situation be rectified.

The complaint resolution process must be respectful of all those involved and be done diligently, meticulously, equitably and be impartial and with openness.

Ideally the complaint will be resolved by the persons directly involved in the situation or their immediate superior.

The search for a solution shall take into account the best interest of the student body, the complainant, and of the school board.

The complainant has the right to be accompanied by the person of their choice in all steps of the procedures of the examination of complaints but that person may not speak on the complainant's behalf.

COMPLAINT PROCESS

The process is the same whether the complaint is verbal or written. At each stage, the complainant or the person involved may present their observations in order to facilitate the complaint resolution process. The response of the person involved may be in the form of a verbal response.

There are two steps in the complaint resolution process:

- **First Step:** The complainant communicates first with the person directly involved and the School/Centre Administration or Department to give their point of view and to try to find a solution. A response must be given to the complainant within ten (10) working days from receipt of the complaint. If the person or the administration maintains

their decision, they will give their reasons to the complainant.

- **Second Step:** A complainant who is not satisfied with the response, may file a written complaint with the Complaints Officer, who will have fifteen (15) working days from the date the complaint was received to give a response. The complainant and the person involved in the complaint will have an opportunity to give their respective points of view. The Complaints Officer will attempt to mediate between the two parties in order to find a solution. If mediation fails, the decision of the administration will stand. The response of the Complaints Officer will be sent in writing to the Complainant as well as to the person directly involved and their immediate superior.

The Complaints Officer may take up a file even if the previous step has not been completed, when the intervention is deemed necessary to prevent the Complainant from suffering harm.

CONFIDENTIALITY AND ABSENCE OF REPRISALS

The School Board will take the necessary measures to ensure the confidentiality of the complaints process and to avoid any reprisals against the Complainant.

RESPONSIBILITY

The Director General is responsible for the application of this By-law.
