- Augmentation de la population étudiante à la Commission scolaire Riverside (CSR). Contrairement à ce que l'on peut entendre dans les médias à propos du déclin de la population étudiante anglophone, la CSR compte, pour le moment, plus de 250 élèves de plus que l'an passé. Bien qu'il y ait environ 55 élèves supplémentaires en maternelle 4 ans, l'augmentation de l'achalandage se concentre au primaire et au secondaire. Il s'agit d'une hausse de 2,8 % dans la dernière année et d'environ 7,7 % (650 élèves) pour les cinq dernières années. C'est une excellente nouvelle pour la CSR!

CHAPEAU

- Félicitations à Pierre M. Gagnon et à son To Pierre M. Gagnon, Director of Material équipe du service des ressources matérielles ainsi qu'à Gilles Deguire, directeur adjoint du service de la technologie, pour le soutien exceptionnel qu'ils ont fourni à nos écoles et à nos centres au cours de l'été dans le cadre de leur projet de rénovation. Selon les commentaires que j'ai reçus, ces personnes ont fait preuve d'une grande disponibilité en plus d'avoir à cœur l'intérêt supérieur des élèves. L'équipe qui a exécuté les travaux montrée amicale. s'est travaillante et extrêmement accommodante.
- Félicitations aux élèves de 10^e année de Johanne Boursier de l'école secondaire régionale Heritage ainsi qu'à leurs parents pour avoir su retenir l'attention des médias nationaux avec leur article intitulé « Mind your Zs: Schools Study Adding Sleep to Their Lesson Plans », paru dans le Globe and Mail. La direction générale a profité de l'occasion pour souligner le travail acharné de la docteure Reut Gruber, professeure agrégée au département de psychiatrie de l'Université McGill, et de Gail Somerville, notre ancienne directrice des services complémentaires, sans qui cette initiative n'aurait jamais vu le iour.

ACCESS Cleanorn

• Increase in student population at Riverside School Board (RSB). Contrary to what is relayed in the media about the Anglophone student population decreasing, RSB has, at this point, over 250 more students than last vear: about 55 more 4-year-old Kindergarten children, but most of the increase is at the Elementary and Secondary levels. This represents a 2.8% increase in the last year, and about a 7.7% increase (650 students) over the last 5 years. Good news for RSB!

HAT'S OFF

- Resources and his team and Gilles Dequire. Assistant Director of the Technology Department for the outstanding support demonstrated to our schools and centres this summer throughout their renovation project. I received comments on how they were always available and had the best interest of the students at heart. The crew that carried out the work were also friendly, hardworking. and incredibly accommodating.
- ٠ To Johanne Boursier's grade 10 students at Heritage Regional High School and their parents for making national news for their "Mind your Zs: Schools Study Adding Sleep to Their Lesson Plans" article in The Globe and Mail. The Director General took this opportunity to also acknowledge the hard work of Doctor Reut Gruber, Associate Professor of McGill University's Department of Psychiatry and Gail Somerville, our ex-Director of Complementary Services, without whom this initiative would not have been possible.

Félicitations à Betsy Esperanza et à son fils

Max Boucher, élève de l'école Saint-Lawrence, qui s'est grandement dévoué pour l'organisme *Skateboards for Hope*. Cette dernière envoie des planches à roulettes usagées ainsi que de l'aide à des enfants de Cuba. Quelle magnifique source d'inspiration en matière de générosité! Visionnez la vidéo sur notre compte Twitter. Ça vous fera chaud au cœur.

 Félicitations aux élèves de l'école Good Shepherd, qui ont assisté à l'inauguration du nouveau pont Samuel-de Champlain. Ceux-ci doivent leur sélection au grand talent de leurs propres constructeurs de ponts : **CONSEIL DES COMMISSAIRES**

BUILDING CAPACITY

The calculation used to arrive at the building capacity for schools shown on the following pages is as follows:

Elementary: number of classrooms minus number of specialty rooms and regional program rooms multiplied by 24 plus number of regional program rooms x 10 x 90%

High Schools: number of classrooms + gymnasia + labs x 29 x 85% x 90%
