DEFINITIONS

Bullying

The word “bullying” means any repeated direct or indirect behaviour, comment, act or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a power imbalance between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes. (Education Act Section 13(1.1))

<http://www.education.gouv.qc.ca/en/current-initiatives/bullying-and-violence-in-the-schools/bill-56/>

Violence

The word “violence” means any intentional demonstration of verbal, written, physical, psychological or sexual force which causes distress and injures, hurts or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property. (Education Act Section 13(3))

<http://www.education.gouv.qc.ca/en/current-initiatives/bullying-and-violence-in-the-schools/bill-56/>

Sexual Violence

"The concept of sexual violence refers to any form of violence committed through sexual practices or by targeting sexuality, including sexual assault. It also refers to any other misconduct, including that relating to sexual and gender diversity, in such forms as unwanted direct or indirect gestures, comments, behaviours or attitudes with sexual connotations, including by a technological means."

Racism

Racism means: “Racism corresponds to the “set of ideas, attitudes and actions whose purpose is to make ethnocultural and national groups feel inferior socially, economically, culturally and politically, thereby preventing them from benefitting fully from the advantages to which all citizens are entitled.” Racist discourse is usually based on real or presumed physical and cultural differences.” https://www.mifi.gouv.qc.ca/publications/fr/recherchesstatistiques/Pub_Immigration_et_demo_2015.pdf

Discrimination

Discrimination means:” Every person has a right to full and equal recognition and exercise of his human rights and freedoms, without distinction, exclusion or preference based on race, colour, sex, gender identity or expression, pregnancy, sexual orientation, civil status, age except as provided by law, religion, political convictions, language, ethnic or national origin, social condition, a handicap or the use of any means to palliate a handicap. Discrimination exists where such a distinction, exclusion or preference has the effect of nullifying or impairing such right.” (Charter of Human Rights and Freedoms, section 10). <https://www.legisquebec.gouv.qc.ca/en/document/cs/c-12>

**ANALYSIS OF THE SITUATION PREVAILING AT THE SCHOOL
WITH RESPECT TO BULLYING AND VOILENCE**

School Portrait

Student population :

509 students

Other pertinent information::

Saint-Lambert Elementary school has a large student population relative to the size of its available outdoor space. While outdoor time is split between separate morning, lunch and afternoon recesses, students are in close proximity during free play, and this small space has and can result in higher incidents of conflict. Outdoor supervision has been modified to include a monitor responsible for setting up more activities and opportunities for play. School clubs and extracurriculars have been expanded to provide students with a wider array of options during unstructured time. It is important to note that the Our School survey is conducted within our grade five classes. This year we will expand the number of students taking the survey as well as standardize the manner in which the survey is administered so as to ensure fidelity.

Analysis

An analysis of the situation prevailing at the school with respect to bullying and violence is conducted each year by using the following indicators:

- Review and analysis of GPI / ISM (digital reporting platform) entries related to bullying and / or violence
- Results from the latest *Our School Survey* (formerly *Tell Them From Me*).

Feel safe at school as well as to and from school

-With regard to feeling safe at school, survey results revealed the following:
 -40% of boys reported being involved in a physical fight.
 -18% of girls reported being involved in some form of physical confrontation.
 - Overall, 65% of students reported witnessing a physical conflict through the course of the school year
 8% of boys responded that they do not feel safe at school, while 5% of girls reported that they do not feel safe at school.

Students who perceived moderate to severe anxiety

Overall, 33% of students surveyed reported moderate or high levels of anxiety. When broken down further school was the primary source of anxiety for 16% of boys and 24% for girls, while home and school combined equated to 57% of anxiety among boys and 37% of anxiety among girls.

Bullying and Exclusion

The Our School survey revealed that 26.6% of students surveyed (grade 5) reported witnessing or experiencing high levels of bullying, while 17% reported being exposed to moderate levels of bullying. When you dig deeper into the survey results, we see that of the bullying reported, 33% reported experiencing physical bullying, 50% verbal, 48% Social, and 5% cyber.

When asked where bullying occurs 33% of respondents reported experiencing bullying outside of school, 22% reported that it occurs in the classroom, and 17% on the bus.

Most students (nearly 86%) reported that bullying occurs during recess, 8% during lunch and 6% during class. This last bit of data seems to contradict the 22% reporting that bullying occurs during class time.

It is clear that we need to address conflicts that occur outside of structured time, during recess and on the bus.

We also need to expand and refine the manner in which this survey is conducted so as to ensure more accurate results.

Other

On questions related to student sense of belonging, 68% of students claimed to have a strong sense of belonging, 10% below the national average of 78%.

When it came to relationships with peers, 89% of students reported having friends at school they felt they could trust and who encourage them to make positive choices, the Canadian norm for these questions was 84%.

The concerning statistic that emerged out of the survey was the fact that students rated their student teacher relations, which emphasized responsiveness to needs, encouraging independence and utilizing a democratic approach, well below the Canadian average (7.3/10 compared to a Canadian average of 8.3/10). In the same vein, questions related to positive learning climates fell well below national norms with a rating of 5.6/10 compared to the 6.8 rating found in the national average.

Priorities

We have prioritized building connections and students' sense of belonging in order to develop a more positive school culture. These connections will be developed across grade levels and enable students to feel more connected to a greater range of staff members and peers through the house system. This along with the expansion of extracurricular activities, and the development of a mentoring system, will enable positive role modeling and greater number of channels through which students can communicate their experiences with bullying and conflict.

We will also continue to educate students, staff and parents on the differences between conflict and bullying. Bullying is a serious issue that requires a different approach in terms of reparation and resolution when compared to interventions associated with isolated incidents of conflict.

If students feel connected to the school and connected to each other, we can limit the feelings of isolation and underrepresentation that often lead to bullying and violence.

Girls continue to experience higher than average levels of bullying, in particular outside of school. We see increases in the number of online bullying incidents. The school needs to enlist the expertise of outside organizations, including local police, to help educate students, staff and parents on the dangers and consequences of online bullying. We also need to ensure that teachers in cycle three are receiving adequate training about digital citizenship.

Our priority is to educate, and to create a safe environment for all students and staff.

Element 2

PREVENTATIVE MEASURES

To address the area(s) of concern, the following preventative measures aimed at putting an end to all forms of bullying and violence; in particular those motivated by racism or homophobia or targeting sexual orientation, sexual identity, a handicap or a physical characteristic include:

- | | |
|-----|--|
| 1 - | Our Oasis Room is staffed and is open for the majority of the day – every day. The Special Education Technicians work with students at lunch on social skills, conflict resolution, regulating emotions, etc |
| 2 - | Transparency of expectations communicated through our Code of Conduct that is included in the student agenda each year. Parents and students are expected to sign that they have read it and abide by its rules. All staff members emphasize and reinforce the values and behaviors that we aspire to at Saint-Lambert Elementary. |
| 3 - | Recognition Assemblies that promote positive values such as empathy and kindness. Each month has a theme that is based on a positive trait or characteristic. Staff reinforce these values and recognize students that actively display these values. |
| 4 - | Inclusive school events that foster new relationships and diverse interactions. These include organized lunchtime and recess events that are designed with the intention of appealing to diverse interests within the student population and promote student engagement. Our house system seeks to connect students across grade levels and provide opportunities for positive role modeling. |
| 5 - | Linking events such the day of truth and reconciliation, pink shirt day, earth day... with the curriculum to ensure that they are not stand-alone events but become core values that are woven into the fabric of the school culture. Staff reflecting on practices to identify blind spots when it comes to diversity and inclusion. |
| 6 - | Bringing in outside organizations and individuals from within the community that possess expertise to educate students and staff on a wide range of issues that impact school culture. |
| 7 - | Maximizing supervision ratios. Attendants and SET are outside at recess to support students with special needs. Monitors and attendants are provided with a weekly briefing on at risk students who have reported bullying, and students who have, or are currently receiving interventions to moderate negative behaviors. We will be using grade six volunteers to serve as mentors and extra support in the classrooms of our Kindergarten through grade 3 students during lunch. |

8 -	New school yard zones with additional opportunities for structured play (different games and activities) where positive interactions can be fostered and reinforced in a supervised environment.
-----	--

9 -	More detailed tracking of incidents of violence and bullying to better evaluate trends and effectiveness of strategies.
-----	---

Element 3 MEASURES FOR PARENT/ GUARDIAN COLLABORATION

The success of this plan depends on the understanding and support of all of our stakeholders. School administrators and staff play a key role in developing programs and strategies to improve daily school life. Students also have a responsibility to promote and support positive behaviours. Parents/ Guardians are equally important and necessary partners in this initiative. Parents/ Guardians are encouraged to be active advocates for their children and to be aware of changes in their behaviours and to contact the school when behaviours at home become a concern.

The following measures are aimed at encouraging parents/ guardians to collaborate in preventing and stopping bullying and violence and in creating a healthy and secure environment.

1. The School's Code of Conduct will be communicated with the parents/guardians (agenda, curriculum night, bulletins/memos, and/or on school website).
2. The ABAV Plan will be explained and made available to parents/guardians; it will be posted on the school website, under the tab ABAV.

Ongoing communication between principal and / or their designate and parents/ guardians of children who are being bullied and those who are engaging in bullying behaviours until the resolution of the situation. Periodic communication with students who are bullied and their parent(s)/ guardian(s) to ensure that measures taken have been successful and the bullying has ceased.

Students who have experienced bullying or who have displayed bullying behaviors will have regular check-ins in the Oasis room with school technicians to ensure that positive behaviors are being reinforced, and that students feel comfortable reporting these incidents to adults in the building.

Element 4 PROCEDURES FOR REPORTING

The school will take the necessary measures to ensure confidentiality for all parties.

An incident of bullying and/or violence can be reported verbally (in person or by phone) or in writing (by email or by letter addressed to school administration). Students who wish to write a note to report an incident are encouraged to include their name for follow up.

Staff members who receive a report must document the information and submit the information to administration for follow up. On receiving a complaint concerning bullying or violence, and after considering the best interest of the students directly involved, the principal shall promptly communicate with their parents to inform them of the measures in the anti-bullying and anti-violence plan. The principal shall also inform them of their right to request assistance from the person specifically designated by the school board for that purpose.

Complaintsofficer@rsb.qc.ca Gary Tennant

When parents/guardians have been told about a bullying situation or an act of violence, they are expected to communicate with the school principal, an alternate administrator or the classroom teacher. The report will be documented. Following the investigation, the parent/guardian should be contacted and advised that the situation has been investigated and appropriate action has been taken. Details are divulged so as to maintain confidentiality.

<p>Each situation will be examined individually, and interventions will reflect the unique context of a given incident.</p>

Élément 5 INTERVENTION PROTOCOL

Saint-Lambert Elementary is committed to providing a safe, caring and positive climate. Adult indifference is not-tolerated. School personnel must report and/or investigate all incidents of bullying and take appropriate action whether they personally observe incidents or learn of them by some other means. Reporting, investigation and action must occur even if the victim does not file a formal complaint or does not express overt disapproval of the incident.

This *Intervention Protocol* establishes practices and procedures for observed and reported incidents of bullying and/or violence.

For purposes of this Protocol, “*Conduct*” may include:

- Physical acts, such as inappropriate, unwanted, uninvited, or injurious physical contact with another; stalking; sexual assault; and destruction or damage to property of another;
- Written and electronic communication of any type that incorporates language or depictions that would constitute bullying, using any medium (including, but not limited to, cell phones, computers, websites, electronic networks, instant message, text messages and emails);
- Verbal threats made to another, including blackmail, extortion or demands for protection money;
- Direct or indirect, relationally aggressive behaviour such as social isolation, rumor spreading, or damaging someone’s reputation;
- Any of the above conduct which occurs off school grounds when such creates, or can reasonably be expected to create, a substantial disruption in the social setting and/or at school-sponsored activities and events.

In addition to the conduct described above, examples of conduct that may constitute bullying or violence include the following:

- Blocking access to school property of facilities;
- Stealing or hiding or otherwise defacing books, backpacks or other personal possessions;
- Repeated or pervasive taunting, name-calling, belittling, mocking putdowns, or demeaning humour relating to a student’s race, colour, gender, sexual orientation, ancestry, religion, disability, or other personal characteristics, whether or not the student actually possesses them, that could reasonably be expected to result in the disruption of school activities or that results in a hostile educational environment for the student.

Conduct that would **not** ordinarily be considered bullying or violence includes:

- Teasing
- “Talking trash”
- Trading of insults

The expression of ideas or beliefs that are protected by the *Canadian Charter of Rights and Freedoms*,

so long as such expression is not lewd, profane, or intended to intimidate or harass another.

STAFF RESPONSE PROTOCOL

Any staff members who witness an act of bullying or violence must intervene immediately or as quickly as reasonably possible to address the issue.

1. The immediate safety and security of all parties must be ensured.
2. All incidents of bullying / violence must be reported to the principal, in a timely fashion.
3. A bullying/violence incident must be documented.
4. The school principal or their designate must investigate all reports in a timely fashion, preferably within 24 hours (when possible) of receiving initial report.
5. The staff person responsible for investigating the report about the behaviour should:
 - a) Interview student(s) exhibiting bullying behaviour and the target / victim(s) separately to avoid further victimization of the target.
 - b) Engage the target / victim first and focus on their safety.
 - c) Reassure them that the bullying behaviour will not be tolerated and that all possible steps will be taken to prevent a reoccurrence.
 - d) Offer the victim counselling (if needed).
 - e) Inform parents/guardians of the incident and subsequent intervention. (Details of the intervention or disciplinary actions are not to be shared in order to protect confidentiality).

PROTOCOLE D'INTERVENTION DES ÉLÈVES

STUDENT RESPONSE PROTOCOL

Any student who witnesses an act of bullying or violence has an obligation, as a responsible member of the school community, to intervene if the situation does not threaten their well-being, or to report the incident to school authorities.

The following are the means through which a student may do so:

- Inform a staff member on duty.
- Inform administration.
- Mention it to a teacher or staff member they trust.
- Tell parent/guardian.

PARENT / GUARDIAN RESPONSE PROTOCOL

- Report the incident to a school administrator or classroom teacher.

***At the discretion of the principal or their delegate, police intervention may be**

requested.

Element 6

MEASURES TO ENSURE AND PROTECT CONFIDENTIALITY

Measures to protect the confidentiality of any report or complaint concerning an act of bullying or violence shall include:

1. Staff is reminded that every incident and the ensuing follow-up must be kept confidential. This is done at least once each year.
2. Reports of bullying and / or violence are recorded on a digital database that has restricted access.
3. Use of intervention strategies that protect the anonymity of persons who report or provide information.

Element 7 **SUPERVISORY AND SUPPORT MEASURES**
(for the victim, bully, witness & bystander)

It is the responsibility of every adult staff member to use difficult / challenging situations as opportunities to help students improve their social and emotional skills, accept personal responsibility for their learning environment, and understand consequences for poor choices and behaviours.

A clear distinction exists between *remediation* and *consequences*.

- a) **Remediation**, intended to counter or “remedy” a behavioural mistake, can be an effective prevention practice. Remediation measures are intended to correct the problem behaviour, prevent a reoccurrence, protect and provide support for the victim and take corrective action for documented systemic problems related to bullying and violence. Remediation measures allow the student an opportunity to reflect on behaviours, learn pro-social skills and make amends to those affected. Working with recovery plans and restorative justice practices are categorized as remediation.
- b) **Consequences** communicate to a perpetrator that their behavior is their choice and their responsibility. A consequence respects the child’s right to make a decision, even if it’s not a good one. It’s a matter-of-fact learning experience in which you maintain a better relationship with the child as you hold them accountable. Consequences are almost always enacted in conjunction with remediation measures and restorative practices. Measures should be applied on a case-by-case basis and take into consideration a number of factors including:

Student Considerations:

- Age and developmental maturity of the students involved;
- Nature, frequency and severity of the behaviours;
- Relationships of the parties involved;
- Context in which the alleged incidents occurred;
- Patterns of past or continuing behaviours;
- Other circumstances that may play a role.

School Considerations:

- School culture, climate and general staff management of the learning environment;
- Social, emotional and behavioural supports;
- Student-staff relationships and staff behaviour toward the student;
- Family, community and neighborhood situation;
- Alignment with policies and procedures.

Examples of remedial measures and consequences may include, but are not limited to, the examples listed below:

Remediation Measures for Victims

- Meet with counsellor / mentor / special education technician / administrator / staff member to:
 - Create a safe environment to allow victim to explore feelings about incident. Maintain open lines of communication.
 - Develop a plan to ensure student's emotional and physical safety at school.
 - Ensure student does not feel responsible for the behaviour.
 - Ask student to log and report any and all future related incidents.
 - Offer counseling to help develop skills for overcoming the negative impact on self-esteem.

- A staff member will conduct scheduled follow-up meetings with the student to ensure the bullying or violence has stopped and to provide support to the student. The degree of support offered at these meetings and their frequency shall depend upon the feedback from the victim regarding the current circumstances.

- In all cases, it will be determined which members of the school staff must be made aware of the incident to ensure that the student is safe.

- Parents/Guardians will be informed immediately following the incident and regularly updated until the situation is resolved.

- Other :

Remediation Measures for Witnesses

- Following the incident, an intervention may be held with any witnesses to determine their role in the incident. If the incident witnessed is severe, witnesses are met, in a group or individually, to debrief the event, discuss their role and to determine more appropriate actions in the future.

- The school reserves the right to contact the parents/ guardians of bystanders.

- As with victims, witnesses to acts of bullying or violence should have a reasonable expectation of feedback from intervening adult figures in a timely manner so as to guarantee a sense of safety and security in the school.

- Other :

Remediation Measures for Student Exhibiting Bullying Behaviour

- Develop an intervention plan with the student. Ensure the student has a voice in the outcome and can identify ways they can solve the problem and change behaviours.
- Meet with parent(s)/guardian(s) to develop a recovery plan agreement to ensure all understand school rules and expectations, as well as the long term negative consequences of bullying or violence, on all involved, and to clearly outline the consequences if the behaviour continues.
- Meet with special education technician, school counsellor, social worker or psychologist to:
 - Explore mental health issues or emotional disturbances – what is happening and why?
 - Offer additional social skills training such as impulse control, anger management, developing empathy and problem solving.
 - Arrange for apology – written is recommended.
 - Arrange for restitution – particularly if any personal items were damaged or stolen.
 - Determine restorative practices (age appropriate).
- Other :

Remediation Measures for Student Bystanders

- Review Student Response Protocol.
- Explore reasons why they did not intervene or report the incident.
- Offer of coaching on how to safely intervene or help the situation.
- Other :

Element 8 SPECIFIC DISCIPLINARY ACTIONS

Based on the severity and / or frequency of incidents and at the discretion of the administration, the following disciplinary and / or supportive/ corrective actions may include, but are not limited to:

In fact, it is possible to make a report or file a complaint concerning an act of bullying, violence or sexual violence to or with the regional student ombudsman and, for a person who is dissatisfied with the follow-up on a complaint filed with the institution, to use the complaint processing procedure provided for in the Act respecting the National Student Ombudsman (2022, chapter 17).
- For each complaint received concerning bullying or violence and each report received relating to an act of sexual violence, the principal shall send the director general of the school board a summary report on the nature of the incident and the follow-up measures taken. The summary report concerning an act of sexual violence shall also be sent to the regional student ombudsman.
