- 4-3.02** The object of participation as set forth in this chapter is to ensure that the educational system will function harmoniously and effectively for the benefit of the students. It is recognized that teachers, as the persons most closely involved with teaching, must have input into the shaping of the educational policies. The result of this type of participation shall be reflected in the relevant policies and decisions of the board and the school administration.
- 4-3.03** Whenever the board or the school administration does not concur with the written recommendations of the consultative body, the board or the school administration shall state the reasons for the decision at the next meeting of the said consultative body. In the case of the PIC, the EPC or the SEC, the reasons shall be in writing.
- 4-3.04** Each committee may invite to a meeting, at no cost unless authorized by the board, any person to enlighten or inform the committee on a matter under deliberation.
- 4-3.05** Any questions within the scope of the system of participation must be referred by the school administration or the board to the appropriate consultative body provided for in this agreement.

  - c) Special Education Committee on the Organization of Services - fifteen (15) days.

The remaining fifteen (15) days may be utilised by any of the three (3) committees named above, or some other committees such as Calendar or Health

and Safety, if the need arises. All other meetings shall be held after the pupils' timetable.

- 4-3.08** Every consultative body may establish sub-committees. Sub-committees of any committee, with the agreement of the said body, may have access to the bank of days provided in clause 4-3.09.
- 4-3.09**
- a) Each committee shall be a parity committee. - 4-3.11** Each committee shall elect its chair and secretary from among its members at its first meeting in each school year and the individuals so elected shall serve in those capacities for the entire school year concerned. A replacement, if required, shall be elected from its members in conformity with clause 4-3.14. In these cases, the number of members of the School Council shall be increased accordingly. The failure of these representatives to participate shall not prevent the School Council from fulfilling its responsibilities with regard to the teachers.

**4-4.03** No later than September 15 of each year, the elected teachers shall be chosen by secret ballot in accordance with the procedure determined by the teaching staff. In order to facilitate this process, the school administration shall provide a period of time during a meeting which it has called. In extenuating circumstances, the School Council, following consultation with the school administration, can agree, by majority vote, to waive the seven (7) workday period.

**4-4.08** The School Council must study and express its opinion on any question within the limit of clause 4-4.07 referred to it by the school administration, the board or a member of the school's teaching personnel.

**4-4.09** Any proposal made in accordance with article 8-10.00 that calls for an amendment to article 8-4.00; clause 8-6.02 (while respecting the terms and conditions prescribed in clause 8-6.01); article 8-7.00, except clause 8-7.07; use of amounts determined under sub clause f) of clause 8-4.01 and sub clause e) of clause 8-7.02; the progressive entry of preschool students over two days (Appendix XXXIII), must be submitted to the School Council. The Council shall study the proposal and may suggest modifications. Once approved by the Council, a proposal must then be forwarded to the Review Panel in article 4-9.00.

Furthermore the School Council must study and approve professional development activities for the teachers that are organized by the principal in accordance with sections 96.21 and 110.13 of the Education Act (R.S.Q. c. I-13.3). In doing so the Council may recommend changes to the proposed activities.

Its approval is also required for certain other matters as indicated in paragraph 6 of clause 4-6.02 and in clause 4-8.03.

**4-4.10** After notification to all teaching personnel of the school of the deadline for submission of items for the agenda, the agenda for all School Council meetings shall be drawn up by the Chair of the School Council in consultation with the school administration. This agenda shall be distributed to all personnel involved at least twenty-four (24) hours in advance of the meeting.

**4-4.11** The operation of the School Council shall be as follows:

- 1) at its first meeting, the School Council shall elect a Chair and Secretary from among the teacher members, and shall be informed, in writing, of the school administration representative to the council;

Anyone who intends to have such a person heard must give prior notice to the school administration and the Chair of the School Council. Normally such notice shall be two (2) days.

**4-4.12** The School Council meetings shall not interrupt the continuity of the pupils' instructional time unless specifically agreed to by the school administration for special circumstances.

**4-5.00 Educational Policies Committee**

**4-5.01** The members of the union shall participate in the development of educational policies and programs of the board and the general rules for implementing said policies and programs through the EPC established by this chapter.

**4-4.02** The EPC shall meet at least four (4) times during the period of September 1 to June 20. The committee may agree to meet more often. The first meeting shall be held by October 15, and shall be called jointly by the union and the board.

**4-4.03** Consultation must take place prior to the development or alteration of a board policy or program on certain matters listed in clause 4-2.06 as well as the items listed in clause 4-2.01.

**4-4.04** The EPC may develop recommendations to guide the schools in the preparation and implementation of proposals related to any of the items listed in clauses 4-2.04 and 4-2.05. These guidelines would, amongst other things, set forth matters that the individual school should consider in order to limit potentially negative impacts of divergent operations and procedures among the schools of the board.

**4-4.05** After consultation, but normally two (2) weeks prior to the date on which the board intends to adopt a new policy or program, the board shall forward a copy of the proposed policy or program to the EPC.

  - b) A voluntary reassignment is one requested by either the school administration or the teacher and on which there is mutual agreement. This reassignment shall be confirmed in writing by the school administration with a copy to both the Department of Human Resources and the union.
  - c) A compulsory reassignment is one given by the school administration. The school administration shall give a written notice to the teacher stating the reasons for the reassignment. Normally this will occur two (2) weeks prior to the reassignment. A copy shall be sent to both the Department of Human Resources and the union.

In the case of general subject teachers, this shall be by grade level and, where necessary, by subject and level. In the case of specialists and secondary teachers, this shall be by subject and level. A copy of these notices shall be sent to both the Department of Human Resources and the union.

- c) Two or more teachers may exchange their assignments with the approval of the Director of Human Resources and the school administrations, but in no case shall this occur before June 1 for the following school year. The board shall confirm in writing these exchanges to the teachers concerned, as voluntary transfers, with a copy to the union.
- d) A compulsory transfer is a transfer necessitated:
1. by exception and as a solution to a particular circumstance as determined by the board in consultation with the union.

These circumstances could be:

- a) the promotion of a teacher to a position of increased responsibility;
  - b) a lack of qualified personnel in a particular school;

## Procedure

- 5-21.13** a) In applying this section, when the board must take seniority into account, and two (2) or more teachers have equal seniority, the teacher who has the most experience shall be considered as having the most seniority. If they also have equal experience, the teacher who has the most schooling shall be considered as having the most seniority.
- 5-21.14** b) In carrying out the procedures of article 5-3.00 and this section, the school administration and the board shall combine partial assignments within the same school and part-time posts in different schools where possible.
- Teachers who are not excess and who have applied for voluntary reassignment shall be assigned to a vacancy that remains after the placement of excess teachers. Exceptionally, a teacher who is not excess may be assigned before an excess teacher if such a placement will permit the assigning of an excess teacher who would not have been placed otherwise.
- c) Before April 20 of each year, the board shall provide the union with a list of the provisional needs for the following school year, by category and subcategory, including the partial placement of the teachers in each school according to the application of subclauses a) and b) of this clause.
- 5-21.15** a) Before April 30 of each year, the board shall post in each of its schools a provisional list of the board-wide teaching staff needs which remain to be met for the following school year, indicating the pertinent information. Before this date, the school administration shall inform in writing the teachers who remain excess following the application of clause 5-21.14 and who are therefore subject to compulsory transfer. A copy shall be sent to the union.
- b) Before April 30 of each year, the board shall provide the union with a copy of the provisional list of board-wide teaching staff needs referred to in subclause a). Before this date, the board shall also provide the union with the list of teachers informed of their school excess status and who are therefore subject to compulsory transfer.

- b) Within the same time period, any other teacher in the school may offer to substitute for a teacher who is subject to compulsory transfer. This offer shall be made in writing to the school administration using Appendix F. The offer is subject to acceptance by the board in accordance with clause 5-21.17.
- c) Within the same time period, any other teacher may request a voluntary transfer or reassignment to fill a need on the list. This shall be done in writing to the school administration. Appendix F shall be used for this purpose.
- d) The school administration shall acknowledge receipt of Appendix F by signing and returning a copy thereof to the teacher.
- e) Within five (5) days of the deadline the board shall transmit a copy of each Appendix F to the union.

**5-21.17**

- a) The board shall examine any offers made by virtue of subclause b) of clause 5-21.16. The offer shall be accepted provided the teacher who is subject to compulsory transfer meets the assignment criteria of the post foreseen for the teacher who made the offer to substitute and provided that accepting the offer will not result in a nonreengagement because of surplus or a placement on availability that would not have otherwise taken place. In the event that the offer is accepted, the teacher who made the offer shall become subject to compulsory transfer but he or she may not benefit from clause 5-21.22 and the other teacher will no longer be subject to compulsory transfer.
- b) Then the board shall proceed to fill the needs posted in accordance with clause 5-21.15 respecting the seniority and preferences of the teachers and taking into account the assignment criteria. In the event that two teachers have equal seniority, precedence shall be given to a teacher subject to compulsory transfer rather than one seeking a voluntary transfer.
- c) Any teacher who makes a request by virtue of subclause c) of clause 5-21.16 shall be entitled to an explanation from the Director of Human Resources or the school administration concerned if the request is not granted.

**5-21.18** Following the application of clauses 5-3.15, 5-3.16 and 5-21.17 b), the board shall endeavour to reallocate so as to place teachers with greater seniority

declared school excess in posts which generate a total assignment in one school building, according to the teachers' preferences as stated on Appendix F.

- 5-21.19** Before May 18, the board shall provide the union with the list of transfers decided upon as a result of the application of clause 5-21.17. At the same time it shall provide a list of the displacements decided upon as a result of the application of clauses 5-3.15 and 5-3.16, and the transfers resulting from the application of clause 5-21.18.
- 5-21.20** Before June 1, the board shall inform the teacher transferred as a result of the application of this article, in writing, of the name of the school to which the teacher is transferred for the following school year.
- 5-21.21** Teachers on availability as well as teachers who will be on availability or assigned to regular supply effective July 1 shall be informed, in writing, by the board of their provisional assignment and school. A copy shall be sent to the union.
- 5-21.22** If a vacancy occurs between June 1 and the first day of class of the following school year, the excess teacher who has been assigned elsewhere shall be given the choice of returning to his or her school of origin or remaining in the new school. The teacher must meet the assignment criteria. If two (2) or more teachers meet the criteria, the teacher with the most seniority shall be approached first.
- Until one (1) week prior to the teachers' first workday of the school year, the teacher given the choice shall have 48 hours to respond; thereafter, the teacher must respond within 24 hours. Should a transfer result, the teacher shall be informed in writing. A copy shall be sent to the union.
- 5-21.23** With the exception of teachers transferred by virtue of clause 5-21.22, a teacher transferred during the current school year for that school year shall be given at least three (3) days notice of said transfer. Further, such a teacher shall be given two (2) workdays without teaching activities for moving and acclimatization to the new school.
- 5-21.24** Upon the request of either party, the board and the union shall meet once during the month of September and once during the month of June to review the application of clauses 5-21.09 to 5-21.22. It is understood that when problems arise the board and the union will meet to try to resolve the issues

Notwithstanding the above, for a regular teacher the total repayment must be programmed to be recouped within a maximum of 12 months of the notification to

- 10-8.08** A hygiene, health and safety committee comprised of a member of the school administration and a union delegate shall be formed in each school. The committee may also include representatives of other categories of employment in the school but their absence shall not prevent the committee from functioning.
- 10-8.09** The mandate of the committee shall be:
- a) to draft a procedure for dealing with inquiries or complaints concerning the workplace and to inform the staff of this procedure;
- b) to determine whether or not a particular inquiry or complaint may be dealt with at the level of school, and this within one (1) week of the receipt of the inquiry or complaint;

- e) to inform the staff of progress in this matter.

- 10-8.10** When the board is apprised of an inquiry or complaint that cannot be resolved at the level of the school, it shall take the necessary and appropriate means to resolve the matter within a reasonable period of time, in accordance with the requirements of the Act and the regulations. It shall also keep the school hygiene, health and safety committee informed of progress in this matter.
- 10-8.11** The committee from the school and the Co-chairs of the board-level Health & Safety committee, in consultation with the OHS representative, shall deal immediately and jointly with matters of hygiene, health and safety in the workplace that present a need for urgent action.

**10-9.00 Travel Expenses**

- 10-9.01** The travel expenses of any teacher shall be reimbursed according to the policy in force at the board. - 10-9.04** The school board shall ensure that the expense claim forms are available to teachers.

**11-0.00 Adult Education:**

**11-2.00 Recall List**

***The following text replaces clause 11-2.04 of the Provincial Agreement.***

- 11-2.04** a) The recall list for adult education in force for the 2000-2001 school year shall constitute the starting base for the provisions of this clause.

To establish that list, the board and the union conducted a review of the persons who taught in adult education as hourly paid teachers or part-time or replacement teachers since July 1, 1998, regardless of the programme in which the teaching was done. The object of the review was to determine what data was available in order to correct the list. Once this determination was made then the corrections described in the following paragraph were made. Should future revisions to the list be required, these criteria would likewise apply.

The name was added to the list unless the teacher has an unsatisfactory performance record, has not taught for twenty-four (24) months or has full-time employment. The number of hours taught in the specialty will also be recorded. The board shall determine the specialties after consulting the union. The number of hours currently recorded for teachers on the list will be examined to determine if any adjustments are necessary in the number of hours or the specialty to which they are credited. The teacher may appear on the list in more than one (1) specialty. The jointly agreed modifications shall have no retroactive effect and shall not be subject to the grievance procedures.

The recall list for adult education as established on July 1 of the preceding school year remains in force until updated in accordance with the provisions of this clause.

- b) Upon completion of the process in clause 11-2.04 and subsequently on July 1 of each school year, the board shall add to the list the names of teachers who have successfully taught a minimum of one hundred and eighty (180) hours for the board, as an hourly paid teacher, a part-time teacher or replacement teacher. These hours may have been accumulated in one or more specialties.

As of July 1, 2011, only the names of the legally qualified teachers shall be added to the list.

The board shall make the determination concerning the teacher's performance on the basis of the written evaluations contained in the personal file. The teacher must have been informed of the contents of these evaluations.

For each teacher's name on the list, the board shall, in the case of a newly added name, enter the number of hours taught in each of the specialties concerned, to a cumulative maximum of 800 hours for any school year. In the case of names already on the list, it shall add the number of hours taught in each of the specialties in the previous school year to those already credited to the particular teacher.

On July 1 of each school year, the board shall also add the name of any teacher non-reengaged because of surplus. In this case the board shall enter the number of hours taught in each of the specialties concerned while the teacher was in the service of the board.

No later than July 5, the board shall transmit a copy of the recall list to the union.

- c) At any time, the board may strike from the list the name of any teacher who refuses a position except for the following reasons:
- i. a maternity or parental leave covered by la Loi sur les normes de travail (I.R.Q., c. N-1.1)
  - ii. a disability as per clause 5-10.03;
  - iii. a full-time position with the union or QPAT; or
  - iv. another reason agreed to between the board and union.

Notwithstanding the foregoing, the board may strike from the list the name of any teacher who has not worked for twenty-four (24) months, or any teacher having received unsatisfactory written evaluations by two different administrators during two (2) of the last three (3) school years.

The board will share with the union the evaluation process, including a copy of the form used.

The board shall inform the union, in writing and at the time the action is taken, of the name of any teacher removed from the recall list.

**13-0.00 Vocational Training**

**13-3.00 Recall List**

***The following text replaces clause 13-3.05 - 13-3.07 of the Provincial Agreement.***

- 13-3.05** a) The recall list for vocational training in force for the 2017-2018 school year shall constitute the starting base for the provisions of this clause.

To establish that list, the board and the union conducted a review of the persons who taught in vocational training programs as hourly paid teachers or part-time or replacement teachers since July 1, 2017, regardless of the programme in which the teaching was done. The object of the review was to determine what data was available in order to correct the list. Once this determination was made then the corrections described in the following paragraph were made.

Should future revisions to the list be required, these criteria would likewise apply.

The name shall be added to the list unless the teacher has an unsatisfactory performance record, has not taught for twenty-four (24) months or has full-time employment. The number of hours taught in the category or subcategory will also be recorded. The board shall determine the categories or subcategories after consulting the union. The number of hours currently recorded for teachers on the list will be examined to determine if any adjustments are necessary in the number of hours or the category or subcategory to which they are credited. The teacher may appear on the list in more than one (1) category or subcategory. The jointly agreed modifications shall have no retroactive effect and shall not be subject to the grievance procedures.

The recall list for Vocational Training as established on July 1 of the preceding school year remains in force until updated in accordance with the provisions of this clause.

- b) Upon completion of the process in clause 13-3.05 and subsequently on July 1 of each school year, the board shall add to this list the names of teachers who have successfully taught a minimum of three hundred (300) hours for the board, as an hourly paid teacher, a part-time teacher or replacement teacher, to a cumulative maximum of 720 hours for any

school year. These hours may have been accumulated in one or more categories or subcategories.

The board shall make the determination concerning the teacher's performance on the basis of the written evaluations contained in the personal file. The teacher must have been informed of the contents of these evaluations.

For each teacher's name on the list, the board shall, in the case of a newly added name, enter the number of hours taught in each of the categories or subcategories concerned. In the case of names already on the list, it shall add the number of hours taught in each of the categories or subcategories in the previous school year to those already credited to the particular teacher.

On July 1 of each school year, the board shall also add the name of any teacher non-reengaged because of surplus. In this case the board shall enter the number of hours taught in each of the categories or subcategories concerned while the teacher was in the service of the board.

As of July 1, 2016, the recall list shall be divided into two sections: legally qualified and non-legally qualified teachers. Priority of employment shall be given to those teachers on the qualified section of the recall list.

Teachers hired to teach in Vocational Training programs for other school boards as per an agreement of a "loan of carte" shall not be included on the recall list.

No later than July 5, the board shall transmit a copy of the recall list to the union.

- c) At any time, the board may remove from the list the name of any teacher who refuses a position except for the following reasons:
- i. a maternity or parental leave covered by la Loi des normes de travail (I.R.Q., c. N-1.1);
  - ii. a disability as per clause 5-10.03;
  - iii. a full-time position with the union or QPAT; or
  - iv. another reason agreed to between the board and union.

Notwithstanding the foregoing, the board may strike from the list the name of any teacher who has not worked for twenty-four (24) months or any

teacher having received unsatisfactory written evaluations by two different administrators during two (2) of the last three (3) school years. The board will share with the union the evaluation process, including a copy of the form used.

The board shall inform the union, in writing and at the time the action is taken, of the name of any teacher removed from the recall list.

## **APPENDIX H**

### **Riverside School Board Guidelines For The Recognition Of Extracurricular Activities**

The following guidelines are included for information purposes only. They are not subject to the provisions of Chapter 9-0.00.

The Riverside School Board recognizes that extracurricular activities are an integral part of the fabric of our system of education. All recognized activities contribute to the overall education of those students who participate and would not be possible if not for those dedicated teachers, who, as an adjunct to their regular teaching duties, contribute to the extracurricular life of their schools.

Extra curricular activities vary from school to school, based on the size of the school, whether it is elementary or secondary, its general orientation and the availability of teacher volunteers and non-teaching volunteers. These factors all have an influence on the extracurricular programs offered to the students.

The Board recommends that each school support, to the extent that resources permit, extracurricular activities for the students without compromising the regular program within the school. In doing so, it recommends that each school administration, in addition to consulting with the school council, also consults with and seeks the support of the governing board regarding the extracurricular activities of the school.

The purpose of this policy is to encourage the voluntary participation of the teachers by providing special recognition for their contributions to these activities.

#### **Protocol**

1. An extracurricular activity is defined as an organized, recognized activity for and with a group of pupils, taking place outside the teacher's regular twenty- seven (27) hour work week.

Any activity considered as part of the teacher's workload is not covered by this policy. It should be clearly understood that occasional activities, such as day trips, e.g., Montreal, Ottawa, Quebec City, and so on, are excluded for the purpose of this policy.

2. The planning of activities must be done by the teacher in collaboration with the school administration.
3. When required, the teacher shall submit a written proposal to the school administration indicating the following:

- a) the nature of the activity;
  - b) the objectives of the activity;
  - c) who is eligible to participate;
  - d) the portion of the school year during which the activity will take place;
  - e) the frequency and duration of sessions;
  - f) an estimation of costs, if any.
4. The meeting between the school administration and any staff members wishing to carry out an extracurricular activity during the year should normally take place in the early fall.
  5. The school administration shall consult with the school council before determining those extracurricular activities eligible for compensation.
  6. After consideration of the recommendations of the school council, the school administration will decide which activities are to be recognized for the purposes of these guidelines.
  7. Recognized activities are those on which the School Council has been consulted.

**Forms of Recognition and Compensation**

- 1. A letter or certificate from the school administrator will be sent each year to the Director of Human Resources, outlining the contributions of the teacher volunteer participating in extracurricular activities. This letter shall be placed in the teacher’s personal file. A copy of the letter will be forwarded to the teacher.
- 2. A recognition list stating names of staff members and the specific extracurricular activities in which they participated will be presented annually to the School Board.
- 3. The school may also make arrangements for internal recognition.
- 4. The teachers who participate in such approved activities shall be granted days off, to a maximum of three (3) workdays. These days shall be fixed in agreement with the school administration. These days shall not require substitution costs.
- 5. The number of days compensation to which a teacher is entitled shall be calculated as follows:

<u>Hours devoted to extracurricular activities</u>	<u>Days of compensation</u>
20 – 39	1
40 – 59	2
60 or more	3

The maximum hours to be counted outside of working hours on a school day or pedagogical day shall be six (6). The maximum hours to be counted on a weekend or holiday shall be six (6) hours per day.

## **APPENDIX I**

### **Student Teacher Monies**

The board and the union agree the board retains 5% of the amount received to be used to support new teachers (including a Welcome Back) and/or recruit new teachers.

The funds allocated to cooperating teachers shall be paid out in a one time payment of the annual student teacher allocation as a taxable non-pensionable earning.
