## From Family Diversity to Strategies for Ending Homophobia and Transphobia

**Wed. October 23**

1:00 PM - 4:00 PM

This training session aims to raise awareness and educate school staff and other professionals who work with children about the impacts of homophobia and transphobia, as well as the unique challenges faced by children from LGBTQ+ families.

The goal is to foster an inclusive, respectful, and safe environment for all children, regardless of their family structure.

This session is for primary school staff and all professionals working with children ages 5 to 12.

## Taking Action to Create Inclusive Environments for Sexual and Gender Diversity

**Wed. November 26**

9:00 AM - 12:00 PM

This training aims to raise awareness and equip participants to promote the inclusion of individuals of sexual and gender diversity in their settings. It focuses on fostering inclusive, respectful, and discrimination-free environments while enhancing understanding of the lived experiences of people from sexually and gender-diverse communities.

This session for professionals working with adolescents, psychosocial practitioners, staff members of various organizations, and more.
